Dear Jim:

On behalf of the Agency and the General Services Administration, I would like to take this opportunity to express our sincere appreciation for the splendid presentation your firm made to the Evaluation Board on 13 April 1982. The very active participation of all members of the project team in the presentation established their credentials to successfully design a project that meets the functional and aesthetic needs of the Agency.

The facilities tour indicated that your firm also has adequate space and equipment to support the design efforts. It was also important for us to see the computer graphics operation and the unique lighting lab.

The Board has now completed interviews with all three firms, and it is anticipated that notification of the final ranking will be made no later than 1 June 1982.

Please extend my personal thanks to all members of your team for an excellent presentation.
